

Kaleidoscope Play & Learn

Play and Learn groups are designed to bring together caregivers of young children to learn about child development, learning through play, and provide activities that promote school readiness.

Our group schedule typically includes free play, group time (story time and songs included!), and snacks before departure. Play groups are a wonderful way to bond with your child through intentional play, but also a great space to connect with other caregivers! These groups focus on children aged birth through five years old.
